## Guideline “Autoimmune bullous diseases”

Dear EDF-members,

The EDF has decided to develop a guideline on autoimmune bullous diseases. As a formal step in our guideline development procedure it is implemented that the National Dermatological Societies are informed on such activities on a very early note.

Therefore, we would like to ask you to pass this information to your National Scientific Dermatological Society.

We are very grateful for your help and remain

with best regards,

Prof. Dr. med. W. Sterry  
Chairman of the Guidelines Committee  
of the European Dermatology Forum

B. Schulze  
EDF-secretariat to Prof. Sterry  
European Dermatology Forum
